→ Why ClassiDocs?

ALWAYS, UP-TO-DATE CLASSIFICATION FOR:

- Blockchain
- Structured Data
- Unstructured Data
- All End Points
- Cloud (Any Attached/ Mapped Storage)
- Databases
- Email
- Data in Flight
- Data at Rest

KEY FEATURES:

- Consistent Rules for All Data Sources
- Driven by Corporate Policies
- Classifies Data as it's Created
- All-Enterprise Scale Processing
- Full Audit and Reporting
- User-First, Branded Experience
- End-User Classification Feedback
- Multi-Steward Management
- Real-Time Oversight
- Fast Deployment with Existing Infrastructure
- Native Integration w/SOC, GRC, IAM, and IAG
- Supports 200+ File Types / 400+ Databases
- No Specific Training Required

KEY BENEFITS:

- Fortified Data Security Across All Data Points
- Faster, More Accurate Discovery Results
- Better Adherence to Corporate Policies
- Improved Regulatory Compliance
- More Informed Decision Making
